Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 31 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Further spells of rain, windy with coastal gales.

This Evening and Tonight:
Rather cloudy with further showers, merging into longer spells of heavy rain, throughout the evening and overnight. Winds strengthening through the night, with coastal gales developing. Minimum temperature 7 deg C (45 deg F).

Monday:
A wet and windy start with coastal gales during the morning. Becoming brighter, but remaining showery into the afternoon, these showers could turn heavy or thundery at times. Maximum temperature 11 deg C (52 deg F).

Outlook for Tuesday to Thursday:
Predominantly dry and bright, though showers will start to affect coastal regions Tuesday and Wednesday. Rather cold, given northerly winds, with some overnight frost but perhaps turning milder by Thursday.
